

## **Don't Tax My Health Benefits!**

Newmarket, ON, Jan 2017 – As Canada's Lifestyle Protection Company, The Edge Benefits feels it has a responsibility to inform you of the upcoming proposed taxation of health care benefits.

The Canadian Government is considering taxation of health and dental plans as a source of additional revenue, which will cost Canadians hundreds of dollars, and result in fewer employers who are willing or able to continue to offer these benefits.

If this proposed tax is approved, lower and middle class Canadians will lose access to valuable preventative care (such as vision care, prescriptions drugs, dental care, chiropractor, physiotherapy, etc.) which is not currently covered under your provincial health plan.

This taxation, could mean hundreds of dollars added to your tax bill when you file!

We encourage you to take a few moments and click the link below, to voice your objection to this proposed taxation plan. We also encourage you to pass this along to your clients, friends, family, and business associates to ensure the government hears loudly, that Canadians are opposed to this tax plan, before it is too late.
